Dear Mr. Lang:

Thank you for your application for assistance from the National Park Service (NPS), Rivers, Trails and Conservation Assistance (RTCA) Program. We are pleased to inform you that we have selected your project for community assistance contingent on additional scoping and our ability to engage a contractor to work alongside us. I will be in touch regarding next steps and timeline soon.

As we take the next steps in project planning we will ask the npGreenway Board and others you identify to collaborate in work planning to clarify project scope, desired deliverables, roles and responsibilities, and expected time commitments. As with all RTCA projects we expect community partners to commit time and resources to match our assistance, as possible.

We will also ask npGreenway to acknowledge and credit the NPS RTCA in project related promotional materials and publications and all final products linked to the NPS RTCA supported effort.

RTCA recognizes that broad-based, community-led projects take time. The timeline of the npGreenway project may vary dependent on our ability to engage a contractor and the timeline negotiated once this project is more fully scoped.

Lastly as we move ahead, we will encourage you and your partners to use the value of our technical assistance to leverage additional planning resources and as a match for non-federal grants.

We look forward to a successful collaboration. Thank you for your interest in the National Park Service.

Sincerely,

*Barbara Rice*
