
npGREENWAY Vision

npGREENWAY envisions a trail system providing access to and along the Willamette River enveloping the north riverfront from the Steel Bridge in downtown Portland to Kelley Point Park on the Columbia River.

Our goal is to link north Portland neighborhoods with the Willamette river for recreation and access to jobs. This expansion of the Willamette Greenway will include a network of trails used for activities such as walking, running, cycling, in-line skating, skateboarding, fishing, boating and wildlife viewing. The North Portland Greenway Trail will connect with the existing Willamette River trail system serving residents and visitors throughout the region.

npGREENWAY will work collaboratively with community stakeholders to realize this goal.
