

## npGreenway meeting August 14, 2019 6:00 PM

Scott Mizée, Cynthia Newton, Lenny Anderson, Pat Jewett, Francie Royce, Jeff Lang, Jay Bockelman present. Absent: Pam Arden, Steven McClure, Shelley Oylear

### Reports:

Zef Wagner (Project Development at PBOT) emailed after a lunch between him, Catherine Ciarlo (head of PBOT's Options Division) Lenny and Francie that PBOT and PPR will fund a \$40,000 engineering and planning for bike cycle track on Basin Avenue. Work will start after January 2020.

Lenny reported that he and Francie met with Sam Chase and his aide Ernie Hayes at Daimler. They strongly suggested npGreenway keep busy with coalition building and building political support for the trail.

Jeff makes point that any public funds going forward is looking at equity. Lenny reminded folks that job access especially on the Basin Avenue section should be emphasized.

Cynthia and Scott met with Jim Kuffner at UoP's sort-of replacement, Trang Lam. She is in a new position as Vice President of Planning and wants to build the trail through UoP and wants to come to next meeting September 11. UoP has started Greenway Review at BDS for lower campus on the river side of the RR tracks. Cynthia to ask Trang to our September 11 meeting. Scott will get as much planning material as possible and send out.

Need to set agency meeting in September. Francie to contact Maya to set up agency meeting.

Look into having an npGreenway Table at the Alice Awards September 27 a table \$750

Decided to divide up the following organizations to talk to them about NPGT, ask if we can make a presentation to their group and if they would be interested in meeting quarterly as part of a coalition supporting the trail:
